Mr. Cohn,

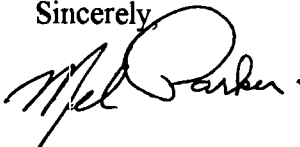

You have probably, no you have heard that Paul Peronard has terminated the Reimbursement Agreement that you as a Representative of the EPA and our legal council in Montana drafted prior to Feb. 2001.

As the Senior Enforcement Attorney, we ask at this time , only one thing, Matt .

Just what does **Section VI - Modification** cover in this particular Reimbursement Agreement.

We need to have that information Mr. Cohn before we can move ahead on this issue. Please give us a timely response that is written by you and signed by you.

Sincerely,

Mel Parker
